

Product Sheet

For over 27 years, iCS Communications has been supplying our customers effective telecoms solutions. We are committed to giving our customers the best service possible, giving high level technical expertise with a friendly face.

Why choose iCS Communications and Panasonic?

iCS Communications is classed as an Alliance Partner with Panasonic as we have been working with them for over 20 years.

To this day, we still have phone systems, from our first installs decades ago. Our close and long-standing relationship with Panasonic means you benefit from the best service, technology, customer service and value.

Who are Panasonic?

Panasonic has been a market leader in the business telephone industry for over 20 years. The latest product line-up offers high quality office communications solutions for a broad range of business applications, from simple analogue systems through to advanced IP-based network communications platforms. New technologies are always appearing to enable and support new infrastructures.

The Panasonic system

Panasonic provides a solution for all businesses and industries, including hospitality, health services, local council/government, sales, car dealerships, education, estate agents, legal, logistics, manufacturing, residential care and many more. Whether you decide to choose SIP, IP or digital technologies; all models are intuitive, user-friendly and comfortable to use.

Call iCS Communications today on 0800 9 77 88 99 to find out more about Panasonic systems and book a no obligation demo.
