

# Unified Communications WHAT MICROSOFT TEAMS SOLUTION IS RIGHT FOR YOU?

*Learn more about Microsoft Calling Plans, Microsoft Teams Direct Routing and Horizon for Microsoft Teams to understand which solution is best for your business.*

## Microsoft Calling Plans

### You'll need:

- Microsoft Business License including Microsoft Teams
- Phone System License
- Microsoft Calling Plans

### Pros:

- All communications are taken from a single supplier

### Cons:

- Limited calling bundles
- More expensive than alternative options
- Risk of bill shock

## Microsoft Teams Direct Routing

### You'll need:

- Microsoft Business License including Microsoft Teams
- Phone System License
- Microsoft Teams – Direct Routing Bolt on

### Features:

- Better Calling bundles than Teams Calling Plans (2,000 landline, 2,000 mobile per user per month, shared across users)
- More cost effective than Teams Calling Plans
- Consistently reliable call quality
- 01, 02, 03 and 08 termination with no number translation
- Carrier-class resilience and availability
- Full Management Support
- Single Pain of glass view with call settings managed within the Teams app
- SIP Trunk Call Manager provides business continuity and disaster recovery as standard
- Provisioning can be automated through the Gamma Voice app without the need for PowerShell experience
- JANET connected

## Horizon for Microsoft Teams

### You'll need:

- Microsoft Business License including Microsoft Teams
- Phone System License
- Horizon License
- Horizon for Microsoft Teams bolt on

### Features:

- Better Calling bundles than Teams Calling Plans (2,000 landline, 2,000 mobile per user per month, shared across users)
- More cost effective than Teams Calling Plans
- Consistently reliable call quality
- Carrier-class resilience and availability
- Product familiarisation, all call settings are managed within the Horizon Portal
- Features of a Cloud PBX, including Hunt Groups, Auto Attendant, Call Forwarding, CLI Presentation and Call Barring
- Bolt-on can be added to Horizon customers without impacting contractual terms
- Simple provisioning through the Gamma Voice app without the need for PowerShell experience
- Call Recording and Management Reporting
